Dear Board of Director Member;

It's that time of year again!

It's hard to believe that another year has come and gone! The Pikes Peak Association had a successful Association Leadership Program this year with thirteen out of seventeen participants completing the program. Thank you to those of you who nominated these thirteen for the program! As you know, the Leadership program relies on those who are nominated by a Board of Directors member. Please nominate as many people as you wish that you think have shown examples of strong leadership qualities this past year and would benefit from the program. Five spaces are listed below for your convenience. Once all nominations have been turned in, you will be notified of those who responded to the letter so that you may discuss the program with them if they have questions. Todd McLain with The Platinum Group, will again chair the program. If you have any questions concerning the Leadership Development program, please contact Todd at 290-6734 or email him at [todd@mclaingroup.com](mailto:todd@mclaingroup.com) or, you may contact Verna at 633-7718 ext. 113; [vbarnes@ppar.org](mailto:vbarnes@ppar.org). Todd and I are looking for 2010 to be a great year for Leadership!

Thank you for taking a few moments to fill this out. Please turn in your nominations to Todd after today's meeting, or you may fax back your responses to 476-8169 if you would like to take a few moments to consider your choices.

I \_\_\_\_\_ would like to nominate the following
